TOWN WARRANT.

THE STATE OF NEW HAMPSHIRE.

To the Inhabitants of the Town of Hollis, in the County of Hillsborough, in said State, qualified to vote in Town Affairs:

[L. S.]

You are hereby notified to meet at Lower Town Hall, in said Hollis, on Tuesday, the Eighth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray Town charges for the ensuing year, and make appropriation for the same.
3. To hear the report of Selectmen and other Town officers and committees.
4. To see if the Town will vote to purchase snow plow like one used in Town of Amherst.
5. To appropriate money for Town Library.
6. To appropriate money for Memorial Day.
7. To appropriate money for Old Home Day.
8. To see if the Town will vote to appropriate money for highways as required by law to procure State Aid.

9. To see if the Town will vote to appropriate money to build highway from Runnells Bridge to Nashua line.

10. To see if the Town will appropriate money to repair road from Brookline line to Pepperell line at West Hollis.

11. To see if the Town will appropriate \$300 to gravel roads from F. B. Layton's to South Merrimack line, via Patch's Corner.

12. To see if Town will vote to discontinue road from Baxter's Corner to road leading from Patch's Corner to Nashua.

13. To see if the Town will vote to close road from David Erskine's to Pepperell Road by Carter's residence.

14. To see if Town will vote to repair and paint fence around South Cemetery.

15. To see if Town will vote to purchase a motor combination pumper and hose car for the Fire Department, or do or act anything in relation thereto.

16. To see if Town will vote to instruct Treasurer, under order of Selectmen, to borrow money in anticipation of taxes.

17. To transact any other necessary or proper business.

Given under our hands and seal, this twenty-first day of February, in the year of our Lord nineteen hundred and twenty-seven.

REPORT OF SUPERINTENDENT OF SCHOOLS.

To the School Board of Hollis,

Greeting:

I have the honor of presenting herewith my eighth annual report as Superintendent of your schools. I am attaching reports from your Headmaster, your School Nurse, and your Supervisor of Music.

SCHOOL COST.

I conceive it to be the duty of school officials first of all to establish and maintain as good schools as the funds at their disposal may permit and, second, to advise their constituents as to the amount of funds necessary for maintaining as good a system of schools as they can afford. It has been my observation and experience that a community will be generous in its financial backing of school officials as long as it feels that it is receiving a hundred cents' worth for each dollar expended, and that it will commence to be niggardly in its appropriations when it is suspicious of any waste of its funds.

Unfortunately, the public, at least, has no universal criterion by which it measures the quality of school work. Such standards cannot be fixed as long as public opinion differs as to what kind of instruction and qualities in training are the most valuable. However, the cost to the community for the maintenance of the public schools is universally measured by the outlay in dollars and cents. In this respect statistics may be given which will be interpreted by all alike.

The total costs of the elementary schools of New Hampshire per pupil of average membership in the different school districts vary for last year from \$37.60 to \$266.64, with a median cost of \$78.57. The cost in Hollis last year was

\$77.02, or a dollar and fifty-five cents less than in the median school district in this State. This is especially significant when we take into consideration that a large per cent of our pupils are transported by the district, a fact that materially increases the per capita expense, and when we also consider that two of our schools are not very large.

The entire expenditure for public education, including both elementary and secondary schools, per \$1,000 of equalized valuation varied in this State last year from \$1.29 to \$23.68, with a median at \$9.90. The expenditure in Hollis was \$12.21. Of this \$2.67 was borne by the State and \$1.50 by income of vested funds, leaving \$8.14 as the part borne by Hollis taxpayers as against \$8.25, which was the median for the State.

From the above we must conclude that the expenditure of school funds in Hollis last year was slightly below that of the median for the State and that the burden borne by the taxpayers for the support of public education was a little higher in Hollis than it was in the median school district.

THE SCHOOLS.

I believe that the work of your schools is going forward in an efficient manner. This year we had the advantage arising from a continuance in service of all the teachers in the district, both regular and special, and of all the other school officials.

Some of the extra curriculum activities of the high school are of special merit and deserve mention. I consider the opera given under the supervision of Prof. Priske an especially ambitious undertaking for a school the size of the Hollis High and that it was remarkably successful. It was particularly valuable as a school project, as every member was included in the cast and received the training which the presentation furnished.

I understand that our graduates at Keene and elsewhere are doing well, and I have heard no complaint of lack of preparation or maturity.

The social activities of the year were: A costume dance by the class of 1928; a play, "Elopement of Ellen," by the class of 1929; an operetta, "Love Pirates of Hawaii," by the school; high school party; and the reception to the seniors of 1926.

Athletics have been improved this year. Mr. Charles Nichols' gift to the boys of a baseball equipment enabled them to organize a team, and several games were played on the new playground with neighboring teams.

The basket ball team has a splendid record.

The piano presented to the school in December has made our music course quite complete. As a school we are deeply indebted to Mr. Nichols for the interest he has taken in our school and for these generous gifts.

I avail myself of this opportunity to express my appreciation of the constant willingness of the teachers and school officials to do all in their power to assist in working for the welfare of the school.

Respectfully submitted,

JENNIE WELTON.

REPORT OF THE SUPERVISOR OF MUSIC.

To School Board:

Mr. Record, Superintendent of your schools, informs me that another report is demanded of the Music Supervisor.

I suppose this is a matter of custom rather than an indication of prospective trouble, just as the ship's captain orders soundings, and someone heaves the lead in order that the sailing may be more secure, and not a matter of surface indication altogether.

So with a Heave Ho! I am at my post, and will report as briefly as my subject will permit.

Music as a subject in the curricula of our public schools was old enough to vote when Lincoln was President, but, like a backward child, it has grown up with a finicky appetite and an ingrowing sensitiveness; not knowing what it wanted and more or less suspicious of anyone who undertook to order its diet. Music in schools has been buffeted about in the meantime, gradually acquiring its education by the hard knock method, only to find that it doesn't need Mellin's food and gruel when the rest of the curriculum is getting away with corned beef and cabbage.

In other words, educators are discovering that music as a subject is not a matter of pampering and coddling, but that those who would qualify to teach music in schools should be compelled to submit to the same dosage of anti-ignorance serum prescribed in Universities for those who would teach other subjects.

A higher standard of preparation means that music teachers in schools will eventually get out of the class where they represent the small end of the comparison between a piece of cat meat and a Sunday dinner roast.

School Boards are going to get both the praise and the blame for this, as they demand an adequacy in general academic training along with the music specialty.

No one doubts the value of music as a part of the child's school life. It is a stimulant to their imaginations along better lines. It serves as a digestant in their general education diet. If properly selected, the subject matter of the texts used afford the regular teachers with additional opportunity for clinching historical facts and literary points.

The Hollis school is going along in a manner that would seem to warrant the faith I have, as a most humble co-operator with my esteemed colleagues, the regular teachers, to whom I owe an endless debt of gratitude for their patience and persistency.

Beginning in the first and second grade, we endeavor to get the child to sing, to recognize a connection between singing and pleasurable enjoyment.

A gradual increase in the technical demands from these grades through to the High School.

The outstanding feature of this year's activity in the High School was the presentation of an Operetta, given entirely by the school personnel. No outside assistance of any kind was needed. The performance was technically and socially a success. That it was not financially so is in a large measure due to a condition which some day you will remedy, I am sure, in the interest of your school's welfare.

Last year's report dealt largely with plans for a piano purchase.

Perhaps I am too frugal in handling public funds, but I could not conscientiously advise you to pay the amount of money necessary to buy a genuinely good and first-class instrument. I think one has to pay too much to get the quality that stays.

Mr. Nichols saved the day for us, and maybe my neck from the sword of your wrath. We are all extremely grateful to him, without feeling a bit like beggars or alms acceptors.

Mr. Nichols' thoughtful kindness has provided the school with a very good instrument, which should serve in usefulness for some time, and by his act has released public funds from a state of champerty, to be used, I hope, in other channels of music endeavor.

With ever increasing appreciation of the kindness of Miss Welton, Miss Sefton, the grade teachers, Mr. Record, and the long suffering School Board.

This is submitted as a report of yours faithfully,

JOHN M. PRISKE,

Extern Director of Music.

REPORT OF SCHOOL NURSE.

To the School Board and Citizens of Hollis:

I herewith tender my report as School Nurse for the past year.

The number of children, 7 per cent or more, underweight remains high, although a number of the children have made quite an improvement in their weight the past year. I believe one of causes of underweight is the large number of children who are unable to go home to eat dinner and therefore have to eat a cold lunch. I believe our goal for next year should be to work out some way to serve hot lunches, for a small sum, to the children who are unable to go home to lunch.

There are a large number of children with enlarged tonsils and defective teeth. I think every parent should take advantage of the splendid opportunity offered by the Dental Clinic in the school and have their children's teeth treated. Teeth and tonsils are two important factors in a child's health and should receive treatment, if defective, if the child is to keep up in his school work.

There has been very little sickness in the school the past year.

The children are very much interested in health work and show the results.

I have had splendid co-operation from all the teachers and also from the parents, without which I could have done very little. Many of the parents have secured treatment for the child as soon as the defects were shown them, which is very gratifying to me and a great help to the child.

I have spent a great deal of my time in the home, as I believe if the parent is acquainted with the nurse, and I have their confidence, we shall be able to get better results.
